DNR Staff Analysis of Nature Based Outdoor Activities on Projects Purchased with Stewardship Grant Funds

Rev. August 2012

NOTE TO DNR STAFF: This completed form will be attached to the NBOA notice that the DNR will publish when considering a request for Stewardship grant funding. Do not list location information for the subject property or the seller's name because WI courts have held that this information is confidential until land ownership has changed hands. In "Staff Narrative" sections below each NBOA, summarize sponsor's reason for prohibition.

Applicant/ Sponsor:The Conservation FundYear of application: 2012

Project name and primary purpose (after acquisition): Victory Creek Corridor Acquisition; preservation of wildlife habitat and threatened species, stream bank protection and flood control.

Parcel size, shape and topography: Describe the size, shape, and topography of the parcel. The 17-acre parcel is rectangular in shape, is part of an environmental corridor, and is designated as an Isolated Natural Resource Area by SEWRPC. The Root River runs east-west through the southern portion of the property. Approximately 4.2 acres are wetlands/floodplain. Most of the property has a slightly sloping topography from the northern edge to the Root River.

Plan(s) or reports identifying project area as priority: Milwaukee Metropolitan Sewerage District Greenseams Program; SEWRPC Natural Areas and Critical Species Habitat Plan
